

AMERICAN GOV'T URGES THE OPEN DOOR POLICY IN FAR EAST

United States Delegates To Re-Establish And Strengthen Government Policy. Far East Problems Must Be Settled At The Coming Armament Conference

WOULD SCRAP ANGLO-JAP ALLIANCE

Washington, D. C., November 7.—The "open door" doctrine is regarded by the American government as the chief bulwark of Far Eastern peace.

For this reason the American government is considering the re-establishment and strengthening of its policy, which declares that every nation shall have equal opportunities in the Far East as one of the paramount objects of the Arms Limitation Conference. This announcement was made today.

Limitation Might Be Dangerous.

Limitation of Arms would be dangerous and might breed, rather than prevent war, unless preceded by a definite understanding that all of Asia is to be open to all alike for commercial purposes, and, in addition, be free from political domination that might threaten to bring about trade monopolies, it was stated.

Would Scrap Agreement.

Special agreements, like the Anglo-Japanese alliance, are therefore regarded unfavorably by this government and the American delegation will frankly urge scrapping of the Alliance.

Any effort to force consideration of Arms limitation by the conference until these Far Eastern questions have been definitely settled will be opposed by the American government. It is clearly understood here that Japan might be entirely willing to discuss naval limitation but would balk on the other questions.

ULSTER PREMIER TO FACE BRITISH CABINET TODAY

Marks Opening Effort To Bring Ulster Representatives Into The Irish-English Peace Treaty Conference

London, Eng., Nov. 7.—Premier Craig, of Ulster, was expected to face the entire British cabinet today in the first phase of an effort to effect the Irish peace and preserve the present Lloyd George government.

An attempt is to be made to induce Craig to accept the proposed compromise peace settlement. If this succeeds, then Lloyd George is confronted with the task of persuading the Sinn Fein to recognize Ulster's right to full participation in the peace conference.

DECREASE REPORTED IN PA. UNEMPLOYED

(By United Press.)

Harrisburg, Pa., Nov. 7.—A slight decrease in unemployment in Pennsylvania is shown by the survey for November according to figures made public today by the Department of Labor and Industry. On Nov. 1 the unemployed in the state numbered 27,345. This is 5000 less than on October 15th.

Since midsummer unemployment has decreased 25,000.

FAMOUS FRENCH BLUE BEARD UP FOR TRIAL AT VERSAILLES

Henri Landru, Accused of Slaying 11 Fiances--On Trial For Life. Case Overshadows Arms Meet In France

Versailles, France, Nov. 7.—Henri Landru, the Twentieth Century "Don Juan" went on trial here at noon today. Better known as the "Bluebeard of Gambais Village," Landru is to plead to the charge of murdering 11 of the 283 women of all ages who are alleged to have become betrothed to him.

The trial, which in France far overshadows the Washington Army conference, got underway after an investigation lasting over two and one half years, and is considered the strangest case in modern criminal history.

A Typical Bluebeard

Landru, aged 52, with heavy features, squat of figure, with shining bald pate and a bushy black beard will be pictured by the prosecution as

NATION WILL BOW HEAD IN PRAYER ARMISTICE DAY

From Washington To The Humblest Hamlet Armistice Day Will Be Observed Friday.

(By United Press.)

Washington, D. C., Nov. 7.—From the proud capital, Washington, to the humblest hamlet, Armistice Day will be observed Friday the nation over.

Arrangements for the general observance here were completed today as the body of the unknown American soldier neared the city. The staid old liner, the Olympic, with the body of the hero aboard, was making slow steam, timed to reach the Washington Naval Yard not before 3 o'clock Wednesday afternoon.

The sad and solemn ceremony attendant to the observance of the war's close will be heralded over the land by the peal of bells—a sort of Angelus—from 11:45 a. m. to noon, on Friday. Then from 12:00 to 12:02 America will cease its hectic rush. Factory wheels will stop, trains will stand still, and the nation will bow its head in prayer against a repetition of a tragedy like the World War.

Sec. Weeks Seeks Aid Of American Legion In Disproving Senator Watson's Charges.

(By United Press.)

Washington, D. C., Nov. 7.—Secretary of War Weeks today asked the American Legion to assist in obtaining evidence bearing on the charges made by Senator Watson, Democrat of Georgia, that private soldiers had frequently been shot by their own comrades and that soldiers had been hung without formal trial. Weeks made the request in a letter to Hanaford MacNider, commander of the Legion.

RECORD COAL LAND DEAL REPORTED IN KARTHAUS TWP.

Cambria County Concern After 2,500 Acres Of Fine Tested Coal Land Holdings

A deal in coal lands in Karthaus township which in point of acreage and amount involved very closely approaches a record for the county is in process of completion and has gone far enough that it will be a certainty. It involves the transfer of over twenty five hundred acres of fine tested coal to the Portage Smokeless Coal Company of Cambria County of which I. A. Bouchre of Beaverdale is President and Judge John Evans is Secretary-Treasurer.

The properties are those held in fee by Thomas Bowman, of Clearfield, and J. L. McGonigal of Karthaus township as well as lands held by them under option and lease, and known as the McCloskey and Yethers land. Some of it is of the William Potter holdings and Gilliland and Heckendorn. Some of the surface purchased is on the James Mainey place.

The deal is being made by Mr. Bowman and Mr. McGonigal who have been interested in the development of Karthaus Township coal for some time and the expected advantages to accrue to that section will be due to their efforts in so ably marketing these resources.

BITUMINOUS COAL OPERATORS AWAIT COURT'S ACTION

Meeting At Indiana On Saturday Produces No Further Results In Check-Off Situation.

NO OFFICIAL STATEMENT MADE

Operators Await Further Action On Appeal Of Check-Off Injunction On November 16.

Indiana, Pa., Nov. 7.—Members of the Bituminous Coal operators Association of Pennsylvania gathered at Indiana, Pa., on Saturday where they met for the purpose of talking over what action to take in regard to the injunction issued by Federal Judge Anderson regarding the collection of the check-off. No decisive action was taken, it being decided to await the outcome of the appeal made in the Chicago courts. The ultimate fate of the injunction proceedings will largely govern the action of the operators of District No. 2, belonging to this Association. No action could be taken in view of the fact that the injunction was suspended until final hearing on its provisions.

Make No Official Statement

While no official statement was given out of what took place, it is understood that the sentiment of the operators was that they would be forced to obey the mandates of the injunction regarding the check-off, whether they wished to do so or not. They looked upon it as a direct order of the court, but there exists some doubt as to whether or not the provisions of the injunction apply in this state. In view of the many entangling features and the uncertainty of the fate of the injunction, it was decided to do nothing at the present time.

FRENCH PREMIER SLIPS QUIETLY INTO NEW YORK

Premier Briand Reaches This Country On Way To Washington To Head French Arms Conference

New York, N. Y. Nov. 7.—Aristide Briand, premier of France, landed quietly early today in New York.

The French premier, enroute to Washington, where he will head his country's delegation at the Arms Conference, let it be known that in keeping with the policy he has followed all his life, he wanted no elaborate ceremony of welcome.

In marked contrast with the wild enthusiasm with which Marshal Foch was welcomed a fortnight ago, the scene at the French Line pier when Premier Briand strode down the gang plant from the deck of the Lafayette was extremely decorous. Only 11 persons, aside from the small welcoming party and a squad of police, was present.

In a prepared statement the French premier said: "France is ever ready to join in every endeavor to avert new conflicts. Just because she had to suffer from war more than any other

LIQUOR RAIDERS MOP UP DUBOIS LAST SATURDAY

Flying Squadrons of Officials Make Big Haul of Illicit Liquor Handlers-Get Two Truck Loads of Booze

A booze raid of immense proportions was made in the city of DuBois Saturday morning last by Sheriff A. M. Gorman, assisted by Deputy Sheriff F. S. Gilliland and nine special officers. The raid was the result of complaints made by Mayor Haag of DuBois, whose local police force seemed powerless or unwilling to put an end to the bootlegging which was being done so generally throughout the town, especially in the region of "the flat."

Local Officers In Squad

The following officers made up the raiding party: Sheriff Gorman, Deputy Gilliland, Chief of Police, P. A. Hitt, of Clearfield; Chief Guy Clark of Curwensville; Chief R. W. Dowdell, Joseph Dowdell, and Constable F. J. Kuzner, of Punxsutawney. Assistant Chief Morris and Officers Donaldson, Jeffries and Love, of DuBois, also assisted in the raid, which started at 5:30 Saturday morning and continued throughout the day.

By evening no less than fifteen different persons had been taken into custody, while large quantities of liquor were confiscated or destroyed at every house visited.

What the Officers Found ..

Those arrested on charges of violation of the liquor laws of Pennsylvania were, David Kranitz, Jesse Robbins, Peter Androvich, Angelina Caramella, Rosa Carmela, Fred J. Clement, Clemm Woods, Dominik Spano, Christina Parrenzi, Peter Rossi, Christ. C. Bohcert, who claims to be assistant chief of police at Clarion, Mr. Russo, Dominik Calderona, of Hamor and Kuntz street and Martin Kewoski of Quarry Ave.

Eight barrels were confiscated at the home of Dominik Sorga on Franklin street, twenty-six quarts of whiskey, two cans, three boxes of bottled goods and other liquors were seized at the store of Fred Clement. Mrs. Christine Parrenzi furnished nine barrels and sixty quarts of liquor, while from Clemm Woods four barrels, several dozen bottles and other containers of liquor were taken. Five gallons were secured from Dominik Spano, three barrels from Rosa Caramella, several containers from Angelina Caramella and bottled goods in the rest of the houses. At the home of Jesse Robbins on Maple Avenue a case of real bonded whiskey was seized. At each of these places, also stills were found and confiscated. No liquor was obtained at the home of Kranitz but it is claimed that sufficient evidence has already been secured to obtain conviction.

The stills and seized liquors were brought to Clearfield by Sheriff Gorman and will be used as evidence against the defendants all of whom, with the exception of Dominik Spano, gave \$1,000 bail for court. Spano was brought to jail.

DULLEST CAMPAIGN IN YEARS CLOSES HERE TONIGHT

Political Aspirants Do Not Cause Much Stir In Break Of Current Events This Year.

THE TICKETS

The dulllest and most dispirited political campaign in many years comes to a close this evening and every good citizen will be expected to go to the polls tomorrow and exercise his right of suffrage by casting his ballot for the best men and women to be found upon the different party tickets.

Only One State Office

The important office of Justice of the Supreme Court is the only State office to be filled at this election while the important county offices of District Attorney, County Treasurer and Sheriff are also to be filled. In addition thereto a full complement of borough officers are to be chosen.

For the guidance of those local electors interested in getting the best men for the different offices we append herewith the Republican and Democratic tickets for both the county and municipal offices to be filled.

Women Urged to Vote

Every woman in the town who has reached the age of 21 years is eligible to vote. This, too, regardless of whether or not she has been registered as to party preference. It should be thoroughly understood that taxes are assessed against all women regardless of whether or not they vote.

The Republican and Democratic county and local tickets are as follows:

Female Bluebeard is Given Long Sentence

Found Guilty of Slaying Husband, Mrs. Lydia Southard Gets Life

Twin Falls, Idaho, Nov. 7.—Mrs. Lydia Southard, "Female Bluebeard," found guilty of murdering her fourth husband, Edward F. Meyers, was today sentenced to serve from ten years to life imprisonment in the State penitentiary at Boise, Idaho.

Captured in Hawaii. Mrs. Southard was arrested in Honolulu, where she was accompanying her present husband, a chief petty officer in the Navy. At the time of her arrest much secrecy surrounded the case and she was kept incommunicado by Hawaiian authorities.

She was alleged to have made way with four husbands, via the poison route, and to have induced her fifth husband to take out heavy insurance, with a view, it was stated, to collecting on his policy.

MT. UNION GRID SQUAD TRIMS LOCAL ELEVEN

Clearfield High School Lads Unable To Stem Goal March Of Mount Union Backfield.

SCORE 21-13

BY DICK LEIPOLD.

With frigid climatic conditions under which the most sedate spectator present could not help but shudder, Clearfield High's football machine, which was short some of its most important mechanism, lost Saturday's contest at Mt. Union by a score of 21 to 13. This score really does not do the local school justice in football circles, as it was not generally known that the only two veterans in C. H. S.'s line-up were out of the game. Both Captain Torrence and "Fat" Mann watching the game from the side-lines.

Mount Union Features Contest. The Mount Union grid squad had all last week to put in unhampered practice, as the Huntington County schools were closed for Teachers' Institute, and they certainly must have taken advantage of this unusual opportunity, as their eleven's backfield worked with clock-like precision.

Mt. Union Gets Jump on C. H. S. The game was played on a frozen field, with a biting wind sweeping across the "town flat," during the entire game.

Mt. Union received the ball. Quarterback Taylor called repeatedly for a shift play around end with Capt. Hollenbaugh carrying the ball

and stuck to this shift stuff throughout the entire 54 minutes of play. Although the locals solved the Union's most threatening scoring instrument by the end of the first quarter, it was a costly shift "sitting," as 14 points were scored by Mt. Union before the Clearfield forwards were able to break up the play.

Mt. Union's first score was made by their sturdy fullback, McElhone, who skirted Clearfield's end a few minutes after the first kick-off. Fullback McElhone, thru the line, made a few yard buck for their second touchdown. Gerlock kicked goal. Score: Mt. Union 14; C. H. S. 0.

The second quarter Clearfield came back and played Mt. Union to a standstill; no points being scored by either team during this period.

Second Half. Although 14 points had been scored against them, the local boys entered the second half determined to make the game interesting. After receiving the kick-off, for the first time, started on a steady forward march, gaining 3 first downs, but a 15 yd. penalty on the 3rd down forced C. H. S. to punt. Mt. Union was penalized 15 yds. at this time for starting a play with "time out" without reporting to the referee. The refractory town lads were in the shadow of their own goal posts, and Gerlock was called back to punt. Clearfield's line smashed thru, Jimmy Smith spilling Gerlock, who fumbled the ball, and Pearce, playing his second varsity game, recovered it for C. H. S. back of M. U. High's goal line, scoring Clearfield's first touchdown. Hence Johnson, kicked goal. Score Mt. Union 14; C. H. S. 7.

A fake formation with Peduzzi, their star end, back and Hollenbaugh carrying the ball, netted Mt. Union their last touchdown.

In the fourth quarter Clearfield started off with a varied attack that carried Mt. Union off their feet and took the ball to their opponents' 30-yard line, where a fumble clogged

the scoring machine. But Clearfield could not be stopped and forced Mt. Union to punt. Clearfield then started on a steady march toward goal. Hody Johnson knifed thru tackle for 6 yards and a pass was hurled to the waiting arms of Hence Johnson for 15 yards more. John Howe smashed thru center for 8 yards and Hence Johnson gained first down. Howe and Hody Johnson pushed the ball 12 yds further thru the now tottering Mt. Union line, and George Bachelor when called back for a left wing run, saw Mt. Union's defense shift over, and made a feint to the left, but quickly reversed and passed around right end, dodging the man between him and the goal, having easily out-distanced the others. "Back" run about 25 yards, for the score. Hence Johnson's kick for goal missed by inches, as a gust of wind swerved it slightly out from the upright.

Find Time to Short to Score. Captain Torrence was rushed into the game, and the race was with time now, and not Mt. Union, as no team has been able to stop Clearfield's stellar end and run specialist this season but before Clearfield could get their play started the unwelcome whistle of the referee, which ended the game, blasted the hopes of the Red and Black. Final score: Mt. Union 21; C. H. S. 13.

Umpire Relieved From Duties. Umpire Suters, of Mt. Union, was canned in the third frame following a dispute on the play responsible for Mt. Union's last touchdown, and Joe West, of Clearfield, took his place.

Line Up.

Clearfield	Mt. Union

Sub: Hence Johnson for Brown, Torrence for Johnson. Touchdowns: Pearce Bachelor, Hollenbaugh, McElhone 2. Goals from touchdowns, Gerlock 3 out of 3; Johnson, 1 out of 2. Time 12-15-15-12. Referee, Smith, Supt. Mt. Union schools. Umpire, Suters; Mt. Union High School. West and Brown.

NOTES OF GAME

Not one of the eleven Clearfield players who lined against Mt. Union Saturday played in a regular varsity game last season.

The work of Referee Smith of Mt. Union was all that could be desired by either team, but the Umpire's "Errors of omission" and not "commission" caused his down fall. He was slow in getting out of the road when C. H. S. went around end. The Mt. Union people had a good umpire engaged from Huntingdon, but a last minute phone message announced that Mr. Ump could not be on hand.

Saturday was Mt. Union's "Booster Day" game, with C. H. S. the feature.

Bill Brown got a crack on the head that forced him to retire from the game early in the first quarter.

Mt. Union's foot ball team is not the only organization in their H. S. that played Saturday. They boast a

Hody Johnson's kick offs were all back of Mt. Union's 15 yard line.

While the Varsity eleven was battling over in Huntingdon county, Clearfield Reserves won a "twilight game" from the St. Katharine High School of DuBois by a score of 6 to 0. The Reserves never were in danger but lost many chances to score due to loose playing. The visitors had only been scored on once prior to Saturday's fray.

Philadelphia Solcist To Sing Here Tonight

Miss Elizabeth Hood Lotta, noted Philadelphia soloist, will sing at the Susquehanna College of Music. Auditorium this evening under the auspices of the Clearfield Musical Club.

Miss Lotta, who is President of the Federated Musical Clubs of Pennsylvania, possesses a mezzo-soprano voice of great range and power and she has been soloist with the Philadelphia Orchestra for some time.

Tonight's entertainment will be well worth hearing. The general public is invited and the admission fee will be 50c. Members of the Musical Club will be admitted on their membership card.

German in History. The term German is of Latin origin. In ancient times the part of Europe now called Germany was called Germania. It was one of the principal tribes of the country was called by the Romans Germani. Just as we speak of the Apache Indian. Being a fierce and warlike people they gave the Romans a great deal of trouble, and as they were the dominant tribe of that region the name of Teutons gradually came to be applied to all the people occupying what was called Germania. It has survived in the form of Teutons.

Wedding Superstitions. If she finds a spider on her wedding dress, or passes a dog or cat on the way to the church, she may face wedded life with a light heart. The first to kneel at the altar, whether bride or bridegroom, will be the first to fall ill, and when leaving the church the bride should be careful to put her right foot foremost and on no account to allow anyone to speak to her husband before herself. To enter the church by one door and leave by another is a certain invitation to misfortune.

Indian Summer. Indian summer is the return of genial but not hot weather after sharp frosts. It is the moment when the frost of the vestibule of winter is left standing afar for a moment to let the light and just a little—not too much—of warmth of departing summer stream in. It is a season without a rival—briefly even than the briefest spring, tenderer than the softest summer; it is the shedding of the year's woes and the promise and pledge of a man's restoration of Eden.—Exchange.

Not the Road to Wealth. "Time is money," said Uncle Eben; "but jest de same de man dat finds himself wif a lot o' time on his hands has made a poor investment."

HUNTERS SEEKING LICENSES BID TO SHATTER RECORD

Over 9000 Hunting Permits Issued To Date—Expect More For Deer Hunting Season.

This season promises to break all records for the number of hunter's licenses issued in Clearfield county. The County Treasurer's office is still swamped with applications while they continued to pile up with every incoming mail. The nine thousand mark was passed today and the end is far from being in sight. Small game hunters have the call for the present but will soon give way to the rush of deer hunters who are now getting ready for the opening of the deer season on December 1st.

The small game season closes on November 30th this year. On November 30th, 1920, there were 7550 hunter's licenses issued in Clearfield county, while 1810 deer hunters swelled the grand total to 9360 resident hunters for the year. There were also 36 non-resident hunter's licenses in the county during 1920.

At the present time the total number of licenses issued are several hundred in excess of last year and if the same ratio of increase maintains among the deer hunters the total issued for the county should well exceed the 10,000 mark.

Will Your Turkey Fit Your Old Roaster?

THE CELEBRATED "SAVORY" ROASTER

Seamless—Sanitary—Self-Basting—Self-Browning. Due to the design the celebrated "SAVORY" Roaster is self-basting and self-browning. Bottom, being elevated, does not touch the stove—thus guards against burning.

It affords plenty of space, yet wastes none, so that even the large oval design fits readily in the ordinary oven. Inside smooth as glass makes it thoroughly sanitary. Entire absence of cracks makes it easy to keep clean.

RESOLUTION OF SYMPATHY

Whereas, John E. Wisor has for years been a faithful and exemplary member of the Patriotic Order Sons of America, filling with credit all the chairs in the order and being Past President, and,

Whereas, he has been called to the citizenship of the spiritual world, and,

Whereas, we, the members of Washington Camp 372, P. O. S. of A., of Woodland, Pa., do feel keenly our loss, and,

Whereas, we deeply sympathize with the sorrowing relatives and friends of our deceased brother, he it resolved:

1. That we bow in humble submission to the will of Our Father in heaven, knowing that we must all render unto Him an account of our stewardship, and that we signify that when we depart this life we may meet our tent in the great Camp of the righteous and meet again our departed brother, by the Grace of our Lord, Jesus Christ.

2. That in loving memory of our deceased brother, our charter be draped for thirty days.

3. That these resolutions be spru on the minutes and copies be sent to the relatives of the deceased; and that they be published in the County paper.

OF Latin Derivation.

Corps is a French word derived from the Latin corpus, a body, either civil or military, as a police corps, marine corps, etc. It does not signify any particular number, but an organized body. In the United States army a corps consists of two or more divisions, each containing three brigades and each brigade three regiments. A term first came into use in this country during the Civil war period.

Cause of Roar of Waterfalls.
The roar of a waterfall is produced almost entirely by the bursting of millions of air bubbles.

The grand old state of Pennsylvania, about the richest in the entire 48 States, appears to be about as hard up as some printers we know and while the revenues last year were the greatest in the State's history, there is not money enough in the treasury today to pay current bills. The school appropriations, Firemen's Relief and other funds, which have already been paid into the treasury, have been put to other uses and these two particular funds are the sufferers thereby. There is due to the volunteer firemen of the State \$1,505,000, some of it being withheld from the firemen since 1919.

Senator Tom Watson, of Georgia, has caused quite a furore over the country by his charges that American soldiers were shot down like dogs in France, by their officers, while more than two score were hanged without trial or any other chance for their lives. The Georgia "cracker" is a notorious perverter of the truth but should be given every chance to prove his assertions, and when he fails, then be kicked out of the body he disgraces with his presence.

Of the Watson charges General Pershing says: "They are the most outrageous and untrue accusations that could possibly be made and are absolutely without foundation."

For the benefit of those persons who appear to be alarmed over the Watson charges, it might not be out of place to say that Harry D. Green who made a special investigation of conditions in France as chief historian for the Adjutant General's Department of the American Expeditionary Force, said that there was no foundation for the charges made by Senator Watson.

He said "two negroes" had been hanged at first for an attack on a fifty-year old woman who was the keeper of a disorderly house. The woman did not die, but the men were hanged in spite of the protests of French officials. This was the nearest to an injustice that he encountered.

A white Second Lieutenant, he said was shot at Issur-Tille in the presence of 3,000 negro troops. This execution, Mr. Green asserted, followed trial and conviction by the officer for rape and murder. Only negro troops and a few white officers saw the execution. This was ordered by the Colonel in command to still complaint by negro soldiers that officers were singling them out for the death penalty.

At St. Nazaire, Mr. Green stated, a Captain in the Medical Corps was executed for inoculating enlisted men with disease germs instead of a typhoid fever preventive. This Captain, said Mr. Green, was from Cincinnati, and of German parentage.

Here we are spending good money by the millions attempting to force a cold water diet on the hundred and five millions of people making up these United States, while Pussy Foot Johnston is invading Europe; several different spots on the same kind of mission when along comes a lot of long haired scientists with the fearsome tale that mankind is doomed to perish of thirst and that the time will come when the last remaining drops of water will be the most precious things in the world, and when men and the lower animals will battle desperately with one another for possession of their life-giving moisture. These scientists say that our mighty oceans, our great lakes and rivers are slowly but surely disappearing and the entire surface of the earth will become as arid as the Sahara desert.

They tell us that the youth of every land makes up its armies and fights its wars, and while we always recognized the general truth of such observation we never imagined for a minute the American army in the recent world war as made up of such young men as the records disclosed it to have been. Expert psychologists who examined and classified 1,700,000 men recruited for the American army in the great war by their tests, the first of the kind ever made, revealed the fact that the average mental age of these 1,700,000 men was about thirteen years—taking as a standard the intelligence of an average "bright child."

From these tests it is inferred that

The Display of Charming Furs Continues To-Morrow

That the folks who saw these furs on Saturday were astonished at the beauty of the skins, the cleverness of the workmanship, the charm of the designs was evidenced by the continuous round of delighted exclamations that rose voluntarily to the lips of the shoppers.

And when they saw the price tickets, the delight increased and many a coat went out shielding a delighted woman from the biting wind.

There's still a wonderful showing and you'll miss something if you don't drop in tomorrow and see the coats.

W. C. T. U. HOLDS ENTHUSIASTIC MEET

An interesting meeting of the W. C. T. U. with a large number present, was held at the home of Mrs. B. F. Irwin yesterday evening. After reading of the Scripture by the resident members, united in the Lord's prayer. The Secretary, Mrs. Edmonson read the minutes of the last meeting and of the Institute held recently in the Baptist church.

Mrs. Howard read an article on "Disarmament, \$5,000,000 spent

Mrs. Chorpene then gave a lengthy report of the enthusiastic San Francisco National Convention and trip to the Coast City and too much could be said of the generous provision made by the W. C. T. U. forces, but also by the City Officials and all.

Governor Stewart and City officials were guests at the banquet on the first evening of the Convention. An invitation from the Woodland Union to meet with them on the evening of the 11th was given. Some discussion of Welfare Work, during the enjoyable social hour took place and then the meeting adjourned.

POPULAR UNREST GROWING DAILY IN JAPAN

Uneasiness Increases Despite Promises Of Political Party Leaders On Issue.

(By United Press)

Tokio, Japan, Nov. 6 (delayed).—Popular unrest was growing in Japan tonight as the leaders of the Elder Statesmen conferred in the Imperial palace regarding the successor to the late Premier Hara.

This uneasiness increased in the face of renewed assurance by Prince Yamagata, of the Elder Statesmen, and Marquis Fairoj, one of the Liberal leaders, that Japan's foreign and domestic policies would not be changed as the result of Hara's assassination.

CELEBRATES 76TH BIRTHDAY

Hon. F. G. Harris, one of Clearfield's youngest old fellows, celebrated his 76th birthday yesterday. Mrs. Harris had invited a few intimate friends to spend the day at their home in honor of the occasion and the day was pleasantly spent by all. Mr. Harris is hearty and vigorous and his friends hope to help him spend many more happy birthday anniversaries.

Rough Dry, Eh, Elsie?

"Ouch, mother," protested little Elsie, as she accidentally touched a warm, hair-curler to Elsie's ear after a general facial laundering. "I don't mind having you wash my ears, but I wish you wouldn't try to iron 'em."

Derivation of "London."

The derivation of the name "London" is obscure. Some authorities believe it to be a combination of the old British words "lyn," meaning "lake" and "don," meaning "town," possibly because until recent times the southern side of the river Thames was practically swamp.

REPEAL OF RAIL GUARANTEE LAW IS NOW URGED

Counsel For American Farm Federation Says Railroads Making Big Net Earnings.

(By United Press)

Washington, Nov. 7.—Repeal of the 6% guarantee return to railroads and return to prewar rates was urged by Clifford Thorn, counsel for the American Farm Bureau Federation before the Senate Interstate Commerce Committee today.

Thorn declared that carriers are making the highest net earnings in their history while farm produce is near pre war prices. Unless rates are reduced, he said, the farmers of the nation face bankruptcy.

BARDINE—McCLOSKEY

Mr. Joseph Alexander Bardine, of Altoona, and Miss Grace Victoria McCloskey, of Clearfield, were united in marriage a Saturday afternoon, Nov. 5, 1920, at 4 o'clock at the parsonage of the Simpson Methodist Episcopal church, Altoona, by the pastor, Rev. Max Lantz. The ring ceremony was used. Mr. and Mrs. Bardine will reside at 1902 Eighth avenue. Mr. Bardine is an engineer employed by the Pennsylvania Railroad company, while the bride was a teacher in the Clearfield schools.

was the scene of a happy gathering
Friday evening last when the con-
gregation to the number of eighty
people congregated for the purpose
of "pounding" the minister and his
estimable wife.
Nobody stopped at just "one
pound" and when Rev. and Mrs.
Moses took account of stock after
their guests had departed they found
cabbages enough had been contrib-
uted by the "pounders" to guarantee
the "keeping of the wolf from the
door" for several weeks at least.

Then you get a much better view of Miss Pallas Anna in action.
This picture shows her five feet in the air. She is the star dancer of
the Royal Opera of Budapest and is coming to America.
Hawaiian Stamps.
The first Hawaiian's portrait to be
placed on a Hawaiian stamp was that
of the Princess Victoria Kaiulani,
who appeared on the 1-cent issue of
1892. She was a daughter of Kame-
hamehame V., one of the most energetic
of the native rulers. In the 1892 is-
sue a picture of the Princess Liliuokalani
appears on the 1-cent value. Queen
Liliuokalani graced the 2-cent stamp
of the 1901 issue, the portrait being
friends in town.

Saves Space.
If you have not a kitchen closet to
hang cooking utensils in, get a large
box, place it in the corner nearest your
stove, paper it inside and drive nails
in the sides on which to hang different
articles. Have curtains for the front
and cover top with oilcloth, which will
also give you a handy kitchen table at
a very small expense.
Fabrics From Peat.
Experiments with peat have been
considered successful in producing the
following articles: Fibers which can
be used for carpets, draperies and
clothing; artificial wood for paving,
railroad ties, etc.; stuffing for mat-
tresses, pillows and cushions.
